

RED FLAG RULE

In order to comply with the Federal Trade Commission Rule 16 CFR Part 681.2, known as the Red Flag Rule, all utilities now require that consumers provide proper identification to gain access to their account information. This helps Sierra Electric Cooperative, Inc. to take all reasonable steps to identify, detect, and prevent the theft of its members' personal information – commonly known as “Identity Theft”. Sierra is requesting that you complete the information needed and return it to the Cooperative either in the envelope with your bill or at the Sierra Electric office.

After **January 1, 2011**, proper verification of account security measures will be required of all account inquiries.

Please complete the information below and return to Sierra Electric as soon as possible. Please be aware, these are Federal Trade Commission Rules that Sierra Electric **MUST** comply with.

Name on Account: _____

Account Number: _____

Physical Street Address: _____

Phone: _____

Please provide us with a unique password for your account or choose **ONE** of the following security questions by circling the number of and writing your answer in the space provided. Your answer to this security question will then become your account password.
